

Curriculum Guide
March 2018
KG 2 / Year 1

“Everyone has potential. Everyone can be the best they can be.”

English

This month, our literacy will be based on rhymes and poems. We will read and discuss a variety of poems including nursery rhymes, playground chants, nonsense rhymes and songs. As we become more familiar with rhymes, we will learn to recite and perform them. We will then write their own rhyme using what we have learnt.

Maths

We will begin this month by exploring the topic of money. We will be able to recognise all coins, exchange coins for an equivalent value and work out how to pay an exact sum using smaller coins.

We will then move on to the topic 'Time'. We will begin to understand and use some units of time, e.g. minutes, hours, days, weeks, months and years. We will learn how to read the time to the hour (o'clock) and know key times of day to the nearest hour.

Within this topic we will explore number problems and puzzles; for example: *How long is it from 3 o'clock to 5 o'clock? What was the time 2 hours ago? It is now 6 o'clock. What time will it be in 4 hours? In 2 hours? What time was it 2 hours ago?*

Science

We will be analysing sound and how it is made. We will be required to identify different sounds. We will also learn how to record data and describe the sounds we are hearing.

Arabic

حرف (غ) مع الحركات والمدود
حرف (ف) مع الحركات والمدود.
حرف (ق) مع الحركات والمدود.

To know the letter (غ) with short and long vowels.
To know the letter (ف) with short and long vowels.
To know the letter (ق) with short and long vowels.
